A copy of my Declaration of Independence, Relevant Relationships and Indemnities (“DIRRI”) is attached as **Annexure A**. The DIRRI assists you to understand any relevant relationships that I have, and any indemnities or upfront payments that have been provided to me. I have considered each relationship and it is my opinion that none of the relationships disclosed in the DIRRI result in a conflict of interest or duty or affect my independence.

DECLARATION OF INDEPENDENCE, RELEVANT RELATIONSHIPS AND INDEMNITIES

Mikelic Pty Ltd (In Liquidation) A.C.N. 606 914 836 ("the Company")

The purpose of this document is to assist creditors with understanding any relevant relationships that I have with parties who are closely connected to the Company any indemnities or upfront payments that have been provided to the liquidator. None of the relationships disclosed in this document are such that my independence is affected.

This information is provided so you have trust and confidence in our independence and, if not, you can ask for further explanation or information and can act to remove and replace us if you wish.

This declaration is made in respect of myself, my partners and HoganSproles. I am Professional Members of the Australian Restructuring Insolvency Turnaround Association (ARITA). I acknowledge that I am bound by the ARITA Code of Professional Practice (CoPP).

A. Independence

I have assessed my independence and I am not aware of any reasons that would prevent me from accepting this appointment.

There are no other known relevant relationships, including personal, business and professional relationships that should be disclosed beyond those I have disclosed in this document.

B. Circumstances of appointment

How I was referred this appointment

This appointment was referred to me by the director of the Company, Michael McEnearney. This is the third time I have been contacted by Mr McEnearney regarding the provision of taking on any insolvency services.

Christian Sproles and I were appointed joint and several voluntary administrators of Restaurant Physic Pty Ltd (common directorship) on 19 November 2018, subsequently, joint and several deed administrators on 21 January 2019 and subsequently Joint and several liquidators on 30 December 2020. Rest Physic was deregistered on 12 December 2021.

Mr McEnearney also shares common directorship with Mikerest Pty Ltd which I was solely appointed as restructuring practitioner of on the same day as Mikelic Pty Ltd, being 7 April 2022. The company records disclose Mikelic Pty Ltd as a debtor of Mikerest Pty Ltd.

I believe that this referral does not result in a conflict of interest or duty because:

- It is a common to be approached by a director directly and does not impact on my independence in carrying out my duties as liquidator of the Company;
- Pre-appointment advice on the insolvency process and available options is necessary and does not impede my accepting of the appointment.
- I am not by no means dependent on referral from this source.

- There is no expectation, agreement or understanding between me and the director regarding the conduct of the liquidation and I am free to act independently and in accordance with the law and applicable professional standards.

Did I meet with the company, the director/s or their advisors before I was appointed?

I had the following interactions with the director and his advisors during April 2022:

- On 4 April 2022, I had a meeting with Mr McEnearney (“the Director”) and his accountants at Equil Advisory, explaining the appointment of an external administrator and the process of a creditors voluntary liquidation. I provided my consent to act on 6 April 2022.
- On 7 April 2022, I was appointed as Liquidator of the Company pursuant by resolution passed by the members of the Company.

I did not receive any remuneration for this advice.

In my opinion my conversations with the Director does not affect my independence for the following reasons:

- The ARITA (formerly IPA) Code of Professional Practice and the Courts recognises the need for practitioners to provide advice on the insolvency process and the options available and we do not consider that such advice results in a conflict or is an impediment to accepting the appointment; and
- The nature of the advice provided (if any) to the Company is such that it would not be subject to review and challenge during the Administration; and
- The nature of the pre-appointment advice provided (if any) to the Company will not influence our ability to fully comply with the statutory and fiduciary obligations associated with the Administration of the Company in an objective and impartial manner.

I have provided no other information or advice to the Company prior to my appointment beyond that outlined in this DIRRI.

This does not include statutory indemnities. I have not received any other indemnities or upfront payments that should be disclosed.

Creditor Rights in Liquidations

As a creditor, you have rights to request meetings and information or take certain actions:

Right to request a meeting

In liquidations, no meetings of creditors are held automatically. However, creditors with claims of a certain value can request in writing that the liquidator hold a meeting of creditors.

A meeting may be requested in the first 20 business days in a creditors' voluntary liquidation by $\geq 5\%$ of the value of the debts held by known creditors who are not a related entity of the company.

Otherwise, meetings can be requested at any other time or in a court liquidation by:

- $> 10\%$ but $< 25\%$ of the known value of creditors on the condition that those creditors provide security for the cost of holding the meeting
- $\geq 25\%$ of the known value of creditors
- creditors by resolution, or
- a Committee of Inspection (this is a smaller group of creditors elected by, and to represent, all the creditors).

If a request complies with these requirements and is 'reasonable', the liquidator must hold a meeting of creditors as soon as reasonably practicable.

Right to request information

Liquidators will communicate important information with creditors as required in a liquidation. In addition to the initial notice, you should receive, at a minimum, a report within the first three months on the likelihood of a dividend being paid.

Additionally, creditors have the right to request information at any time. A liquidator must provide a creditor with the requested information if their request is 'reasonable', the information is relevant to the liquidation, and the provision of the information would not cause the liquidator to breach their duties.

A liquidator must provide this information to a creditor within 5 business days of receiving the request, unless a longer period is agreed. If, due to the nature of the information requested, the liquidator requires more time to comply with the request, they can extend the period by notifying the creditor in writing.

Requests must be reasonable.

They are not reasonable if:

Both meetings and information:

- (a) complying with the request would prejudice the interests of one or more creditors or a third party
- (b) there is not sufficient available property to comply with the request
- (c) the request is vexatious

Meeting requests only:

- (d) a meeting of creditors dealing with the same matters has been held, or will be held within 15 business days

Information requests only:

- (e) the information requested would be privileged from production in legal proceedings
- (f) disclosure would found an action for breach of confidence
- (g) the information has already been provided
- (h) the information is required to be provided under law within 20 business days of the request

If a request is not reasonable due to (b), (d), (g) or (h) above, the liquidator must comply with the request if the creditor meets the cost of complying with the request.

Otherwise, a liquidator must inform a creditor if their meeting or information request is not reasonable and the reason why.

Specific queries about the liquidation should be directed to the liquidator's office.

Right to give directions to liquidator

Creditors, by resolution, may give a liquidator directions in relation to a liquidation. A liquidator must have regard to these directions, but is not required to comply with the directions.

If a liquidator chooses not to comply with a direction given by a resolution of the creditors, they must document their reasons.

An individual creditor cannot provide a direction to a liquidator.

Right to appoint a reviewing liquidator

Creditors, by resolution, may appoint a reviewing liquidator to review a liquidator's remuneration or a cost or expense incurred in a liquidation. The review is limited to:

- remuneration approved within the six months prior to the appointment of the reviewing liquidator, and
- expenses incurred in the 12 months prior to the appointment of the reviewing liquidator.

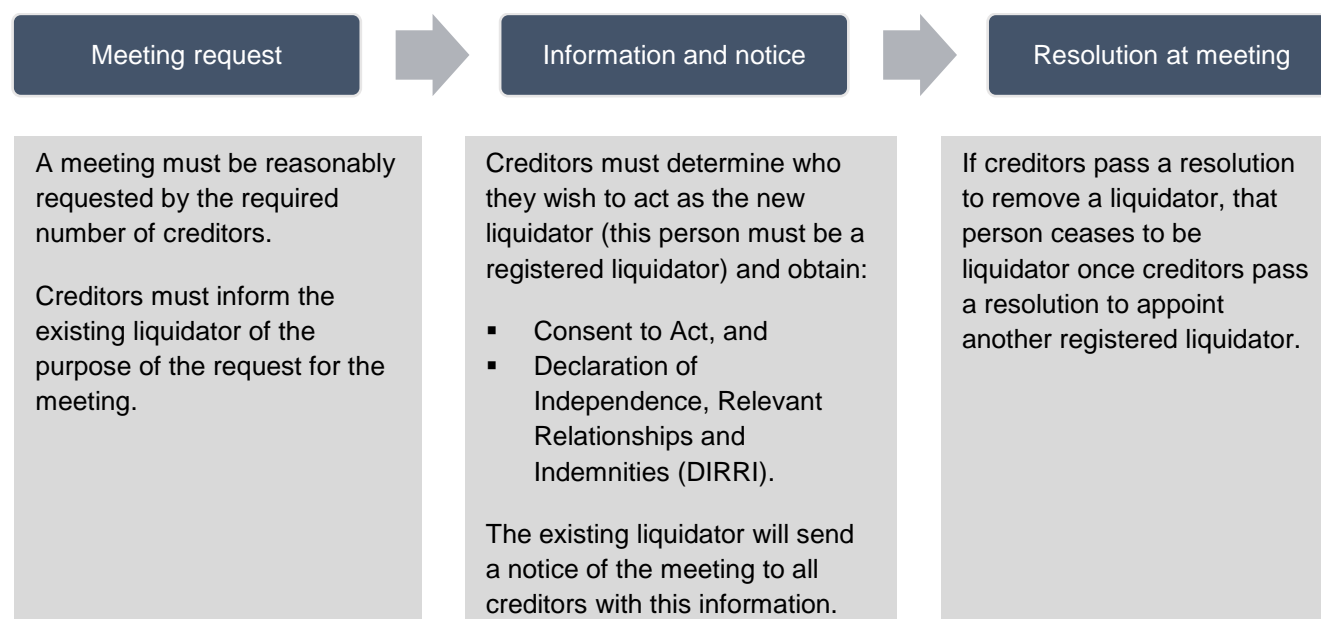

The cost of the reviewing liquidator is paid from the assets of the liquidation, in priority to creditor claims.

An individual creditor can appoint a reviewing liquidator with the liquidator's consent, however the cost of this reviewing liquidator must be met personally by the creditor making the appointment.

Right to replace liquidator

Creditors, by resolution, have the right to remove a liquidator and appoint another registered liquidator.

For this to happen, there are certain requirements that must be complied with:

**For more information, go to www.arita.com.au/creditors.
Specific queries about the liquidation should be directed to the liquidator's office.**

INITIAL REMUNERATION NOTICE

Insolvency Practice Schedule (Corporations) 70-50
Insolvency Practice Rules (Corporation) 70-35

Mikelic Pty Ltd (In Liquidation)
A.C.N. 606 914 836 (“the Company”)

The purpose of the Initial Remuneration Notice is to provide you with information about how I propose my remuneration for undertaking the Liquidation will be set.

1 Remuneration Methods

There are four basic methods that can be used to calculate the remuneration charged by an insolvency practitioner. They are:

- A. *Time based / hourly rates:*** This is the most common method. The total fee charged is based on the hourly rate charged for each person who carried out the work multiplied by the number of hours spent by each person on each of the tasks performed.
- B. *Fixed Fee:*** The total fee charged is normally quoted at the commencement of the administration and is the total cost for the administration. Sometimes a practitioner will finalise an administration for a fixed fee.
- C. *Percentage:*** The total fee charged is based on a percentage of a particular variable, such as the gross proceeds of assets realisations.
- D. *Contingency:*** The practitioner’s fee is structured to be contingent on a particular outcome being achieved.

2 Method chosen

Given the nature of this liquidation I propose that my remuneration be calculated on a time based/hourly rates basis. The amount of work required and the recoveries from Company assets are at this stage not known to me and accordingly the time based/hourly rates basis best allows me to accurately determine how much work has been completed in the liquidation and remunerate accordingly. I have chosen the time based/hourly rates method because:

- This method is considered to be the most suitable for this appointment as it ensures creditors are only charged for work that is performed in the liquidation, which can be difficult to accurately estimate at the date of appointment.
- Even later than the date of appointment, it can be difficult to estimate the time that may be required in advance of the substantive work being undertaken. The time-based method in this case again ensures that creditors are only charged for work that is actually performed in the external Liquidation.

- The practitioner is required to perform a number of tasks which do not relate to the realisation of assets, for example, reporting to the Australia Securities and Investments Commission (“ASIC”), undertaking investigations, responding to creditor enquiries and distributing funds to creditors.
- The practitioner has a time recording system that can produce a detailed analysis of the time spent on each type of task by each individual staff member in the liquidation.
- Time based remuneration calculates fees upon a basis of time spent at the level appropriate to the work performed.

3 Explanation of Hourly Rates

The rates for my remuneration calculation are set out in the following table together with a general guide showing the qualifications and experience of staff engaged in the administration and the role they take in the administration. The hourly rates charged encompass the total cost of providing professional services and should not be compared to an hourly wage. Time is charged in six-minute increments.

Title	Description	Hourly rate (Excl. GST) (\$)
Partner	Registered liquidator, Chartered Accountant, degree qualified with more than fifteen years of extensive experience in insolvency, restructuring and business advisory matters. Leads engagements with full accountability for strategy and execution.	595
Director	Generally Chartered Accountant and degree qualified with more than ten years of experience. Extensive experience in managing large, complex engagements at a senior level. Autonomously leads complex insolvency appointments reporting to Partner.	550

Manager	Generally Chartered Accountant and degree qualified with more than five years of experience. Experience in complex matters, day to day conduct of small to medium engagements. Assists senior staff on complex matters.	450
Supervisor	Generally Chartered Accountant and degree qualified with more than three years of experience. Assists senior staff in planning and conduct of small to large engagements. Supervise a small team and control small engagements.	420
Senior Analyst 1	Generally degree qualified and undertaking Chartered Accountant’s qualification. Controls certain tasks on small engagements and assists staff with completing tasks on medium to large engagements.	370

Senior Bookkeeper	Experienced bookkeeper with more than 18 months experience. Assist senior staff with accounting functions of engagement.	190

PA	Appropriate skills and experience to support professional staff in an administrative capacity.	150
Administration	Appropriate skills and experience to support professional staff in an administrative capacity.	120

4 Estimated remuneration

I have estimated that this liquidation will cost approximately \$15,000 exclusive of GST to completion, subject to the following variables which may have a significant effect on this estimate and that I am unable to determine at this early stage in the administration:

- The time required to obtain the Company books and records from the director and third parties;
- Investigations required into the business affairs of the Company and identify any assets; or recoveries available to the liquidator;
- Recovery of assets; and
- Any matters identified that are required to be reported to statutory authorities, such as ASIC.

The Liquidator's time costs are recoverable only against the asset realisations available.

5 Disbursements

Disbursements are divided into three types:

- **Externally provided professional services** - these are recovered at cost. An example of an externally provided professional service disbursement is legal fees.
- **Externally provided non-professional costs** such as travel, accommodation and search fees - these are recovered at cost.
- **Internal disbursements** such as photocopying, printing and postage. These disbursements, if charged to the Administration, would generally be charged at cost; though some expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis.

I am not required to seek creditor approval for disbursements paid to third parties but must account to creditors. However, I must be satisfied that these disbursements are appropriate, justified and reasonable.

I am required to obtain creditor's consent for the payment of internal disbursements where there may be a profit or advantage. Creditors will be asked to approve my internal disbursements where there is a profit or advantage prior to these disbursements being paid from the liquidation.

Details of the basis of recovering disbursements in this liquidation are provided below.

Basis of disbursement claim

Proposal No. 1 for creditor approval

"That the future remuneration of the Liquidators from 7 April 2022 to the completion of the liquidation is determined at a sum equal to the cost of time spent by the Liquidator, their partners and staff, calculated at the hourly rates as detailed in the Liquidator's Remuneration Report dated 11 April 2022 such sum to be capped at the amount of \$15,000 exclusive of GST, and that the Liquidators may draw the remuneration on a monthly basis or as required".

Please select the appropriate Yes, No or Object box referred to below with a to indicate your preferred position.

- Yes I approve the proposal
- No I do not approve the proposal
- Object I object to the proposal being resolved without a meeting of creditors

For your vote to count, your claim against the Company must have been admitted for the purposes of voting by the Joint and Several Liquidators. Please select the option that applies to you:

- I have previously submitted a proof of debt form and supporting documents
- I have **enclosed** a proof of debt form and supporting documents with this proposal form

- I am a related creditor of the Company*

relationship: _____

*eg Director, relative of Director, related company, beneficiary of a related trust.

Reasons for the proposal and the likely impact it will have on creditors if it is passed

- A Liquidator is entitled to be fairly remunerated for undertaking statutory and other duties, including reporting obligations in acting as a liquidator.
- We are unable to pay our remuneration without the approval of the Committee of Inspection (if one has been appointed), Creditors, or the Court.
- Approval by Creditors is efficient and timely, and is less costly than an application to the Court.
- Approval of our remuneration will allow us to progress further investigations in a timely manner to ensure the prospect of any dividends can be maximised.
- Approval by Creditors, by circulating resolution from the Notice of Proposal to Creditors, is less costly than convening a meeting of creditors to obtain remuneration approval.
- This may negatively impact on creditors, as a formal meeting of creditors may be convened later than it may otherwise be convened, or not convened at all. That said, creditors are welcome to contact the Liquidators staff, by email or telephone, for an update on the liquidation.

- **Externally provided professional services** (eg legal fees) – these are recovered at cost.
- **Externally provided non-professional costs** (eg travel, accommodation and search fees) – these are also recovered at cost.
- **Internal disbursements** (eg photocopying, telephone, fax, printing and postage costs) – these are generally recovered at cost, however, expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs on a reasonable commercial basis.

I am not required to seek creditor approval for disbursements paid to third parties, however, I am required to account to creditors for such expenses and I must be satisfied that those disbursements are appropriate, justified and reasonable. In respect of Internal disbursements, to the extent that these may be recovered at more than their cost, they may be considered as deriving a profit or advantage and must therefore be approved by creditors, a committee of inspection (if one is appointed), or by the Court prior to them being drawn.

Declaration

I, Michael Hogan have undertaken a proper assessment of disbursements claimed in the matter of the Company, in accordance with the law and applicable professional standards and we are satisfied that the disbursements claimed are necessary and proper.

Proposal No. 2 for creditor approval

“That the future disbursements of the Liquidator from 7 April 2022 to the completion of the liquidation is determined at a sum equal to the cost spent by the Liquidator, their partners and staff, calculated at the rates as detailed in the remuneration report dated 11 April 2022 such sum to be capped at the amount of \$1,000 exclusive of GST, and that the Liquidator may draw the disbursements on a monthly basis or as required.”

Vote on the Proposal No. 2

Please select the appropriate Yes, No or Object box referred to below with a to indicate your preferred position.

- Yes I approve the proposal
- No I do not approve the proposal
- Object I object to the proposal being resolved without a meeting of creditors

For your vote to count, your claim against the Company must have been admitted for the purposes of voting by the Liquidator. Please select the option that applies to you:

- I have previously submitted a proof of debt form and supporting documents
- I have **enclosed** a proof of debt form and supporting documents with this proposal form
- I am **not** a related creditor of the Company
- I am a related creditor of the Company*

relationship: _____

*eg Director, relative of Director, related company, beneficiary of a related trust.

Reasons for the proposal and the likely impact it will have on creditors if it is passed

- A Liquidator is entitled to be fairly remunerated for undertaking statutory and other duties, including reporting obligations in acting as a liquidator. We are unable to pay our disbursements without the approval of the Committee of Inspection (if one has been appointed), Creditors, or the Court.
- Approval by Creditors is efficient and timely, and is less costly than an application to the Court.
- Approval of our disbursements will allow us to progress further investigations in a timely manner to ensure the prospect of any dividends can be maximised.
- This may negatively impact on creditors, as a formal meeting of creditors may be convened later than it may otherwise be convened, or not convened at all. That said, creditors are welcome to contact the Liquidator’s staff, by email or telephone, for an update on the liquidation.

Information sheet: Proposals without meetings

You may be a creditor in a liquidation, voluntary administration or deed of company arrangement (collectively referred to as an external administration).

You have been asked by the liquidator, voluntary administrator or deed administrator (collectively referred to as an external administrator) to consider passing a proposal without a meeting.

This information sheet is to assist you with understanding what a proposal without a meeting is and what your rights as a creditor are.

What is a proposal without a meeting?

Meetings of creditors were previously the only way that external administrators could obtain the views of the body of creditors. However, meetings can be very expensive to hold.

A proposal without a meeting is a cost effective way for the external administrator to obtain the consent of creditors to a particular course of action.

What types of proposals can be put to creditors?

The external administrator is able to put a range of proposals to creditors by giving notice in writing to the creditors. There is a restriction under the law that each notice can only contain a single proposal. However, the external administrator can send more than one notice at any single time.

What information must the notice contain?

The notice must:

- include a statement of the reasons for the proposal and the likely impact it will have on creditors if it is passed
- invite the creditor to either:
 - vote yes or no to the proposal, or
 - object to the proposal being resolved without a meeting, and
- specify a period of at least 15 business days for replies to be received by the external administrator.

If you wish to vote or object, you will also need to lodge a Proof of Debt (POD) to substantiate your claim in the external administration. The external administrator will provide you with a POD to complete. You should ensure that you also provide documentation to support your claim.

If you have already lodged a POD in this external administration, you do not need to lodge another one.

The external administrator must also provide you with enough information for you to be able to make an informed decision on how to cast your vote on the proposal. With some types of proposals, the law or ARITA's Code of Professional Practice sets requirements for the information that you must be provided.

For example, if the external administrator is asking you to approve remuneration, you will be provided with a Remuneration Approval Report, which will provide you with detailed information about how the external administrator's remuneration for undertaking the external administration has been calculated.

What are your options if you are asked to vote on a proposal without a meeting?

You can choose to vote yes, no or object to the proposal being resolved without a meeting.

How is a resolution passed?

A resolution will be passed if more than 50% in number and 50% in value (of those creditors who did vote) voted in favour of the proposal, but only so long as not more than 25% in value objected to the proposal being resolved without a meeting.

What happens if the proposal doesn't pass?

If the proposal doesn't pass and an objection is not received, the external administrator can choose to amend the proposal and ask creditors to consider it again or the external administrator can choose to hold a meeting of creditors to consider the proposal.

The external administrator may also be able to go to Court to seek approval.

What happens if I object to the proposal being resolved without a meeting?

If more than 25% in value of creditors responding to the proposal object to the proposal being resolved without a meeting, the proposal will not pass even if the required majority vote yes. The external administrator will also be unable to put the proposal to creditors again without a meeting.

You should be aware that if you choose to object, there will be additional costs associated with convening a meeting of creditors or the external administrator seeking the approval of the Court. This cost will normally be paid from the available assets in the external administration.

This is an important power and you should ensure that it is used appropriately.

Where can I get more information?

The Australian Restructuring Insolvency and Turnaround Association (ARITA) provides information to assist creditors with understanding external administrations and insolvency.

This information is available from ARITA's website at artia.com.au/creditors.

ASIC also provides information sheets on a range of insolvency topics. These information sheets can be accessed on ASIC's website at asic.gov.au (search for "insolvency information sheets").

Part 1: Declaration

I, Michael Hogan of HoganSprowles, have undertaken a proper assessment of this remuneration claim for my appointment as liquidator of the Company in accordance with the law and applicable professional standards. I am satisfied that the remuneration claimed is in respect of necessary work, properly performed, or to be properly performed, in the conduct of the liquidation.

I have reviewed the work in progress report for the liquidation to ensure that remuneration is only being claimed for necessary and proper work performed.

Part 3. Remuneration

3.1 Remuneration claim resolutions

I will be seeking approval of the following resolution to approve my remuneration. Details to support this resolution is included in section 3.2 and in the attached Schedule.

Resolution [1]: from 7 April 2022 to completion

“That the future remuneration of the Liquidators from 7 April 2022 to the completion of the liquidation is determined at a sum equal to the cost of time spent by the Liquidator, their partners and staff, calculated at the hourly rates as detailed in the Liquidator’s Remuneration Report dated 11 April 2022 such sum to be capped at the amount of \$15,000 exclusive of GST, and that the Liquidators may draw the remuneration on a monthly basis or as required”.

3.2 Details of Remuneration

3.2.1 Details of Future Remuneration

The below table set out the expected costs for the major task likely to be performed by the Liquidator and their staff for the period between 7 April 2022 to the conclusion of the liquidation. More detailed descriptions of the tasks likely to be performed within each task area, matching the amounts below, are contained in Schedule A of this report.

3.3 Total remuneration reconciliation

At this point in time, I estimate that the total remuneration for this liquidation will be \$15,000 (exclusive of GST). This is subject to the following variables which may have a significant effect on this estimate and that I am as yet unable to determine:

- The time required to obtain the Company books and records from the director and third parties;
- Investigations required into the business affairs of the Company and identify any assets or recoveries available to the liquidator; and
- Recovery of assets.
- Any matters identified that are required to be reported to statutory authorities, such as ASIC.

Should the costs of the liquidation exceed my remuneration approval, I will then ask creditors to approve my remuneration retrospectively. Creditors will have an opportunity to ask any questions they may have in respect of the cost of the liquidation and will be provided with a report on time spent and tasks undertaken, along with a general report on the progress of the liquidation.

3.4 Likely impact on dividends

The dividend to any creditor will ultimately be impacted by the realisations achieved by the liquidator and the value of creditor claims admitted to participate in the dividend and the fees for the work performed to achieve realisations.

Part 4: Disbursements

Disbursements are divided into three types:

- **External professional services** - these are recovered at cost. An example of an externally provided professional service disbursement is legal fees.
- **External non-professional costs** - these are recovered at cost. Examples of externally provided non-professional costs are travel, accommodation and search fees.
- **Internal non-professional costs** - such as photocopying, printing and postage. These disbursements, if charged to the Liquidation, would generally be charged at cost; though some expenses such as telephone calls, photocopying and printing may be charged at a rate which recoups both variable and fixed costs. The recovery of these costs must be on a reasonable commercial basis. Details of the basis of recovery of each of these costs is discussed below.

I am not required to seek creditor approval for costs paid to third parties or for disbursements where I am recovering a cost incurred on behalf of the liquidation, but I must account to creditors. I must be satisfied that these disbursements are appropriate, justified and reasonable. Details of these disbursements are included in the attached Receipts and Payments.

I am required to obtain creditor's consent for the payment of a disbursement where I, or a related entity of myself, may directly or indirectly obtain a profit. In these circumstances, creditors will be asked to approve my disbursements prior to these disbursements being paid from the liquidation.

Details of these disbursements are provided below.

I have undertaken a proper assessment of disbursements claimed for the Company, in accordance with the law and applicable professional standards. I am satisfied that the disbursements claimed are necessary and proper.

There have been no disbursements paid to date in the liquidation.
